It doesn't look like we are really expected to comment further back to 1500. I think we should try to brief Mr. Fitzwater on Monday. Can you be ready?

Mr. Harry E. Fitzwater
Deputy Director for Administration
Central Intelligence Agency
Washington, DC 20505

Dear Mr. Fitzwater:

Section 5.2(b)(1) of Executive Order 12356, signed by President Reagan on April 2, 1982, provides that the Director of the Information Security Oversight Office (ISOO) shall "develop, in consultation with the agencies, and promulgate, subject to the approval of the National Security Council, directives for the implementation of this Order, which shall be binding on the agencies . . ." In accordance with that provision, on April 2, 1982, I transmitted to the heads of approximately 35 agencies and offices for review and comment a draft Implementing Directive to E.O. 12356.

ISOO has completed its review and analysis of the comments received from the agencies and offices of the executive branch. It has incorporated many suggested changes to the draft of April 2. I have just submitted a copy of this proposed Implementing Directive to the Honorable William P. Clark, Assistant to the President for National Security Affairs. Upon my receipt of approval from the National Security Council, I shall issue the Implementing Directive by publication in the Federal Register.

I have taken the liberty of simultaneously transmitting to you copies of the proposed Implementing Directive, in a "clean" version and in legislative amendment style that illustrates the changes from the draft of April 2. This will facilitate your responses to any questions that Judge Clark or his staff may address to your particular agency concerning it.

If you have any questions or comments, please contact your ISOO liaison or me at 535-7251.

Sincerely,

STEVEN GARFINKEL
Director
